- Nuxt.js
- React
- TailwindCSS
- Bootstrap

E-commerce

- Shopify

Languages

- English: fluent
- Danish: begginer
- Slovak: native speaker

About me

I am a 22-year-old student from Slovakia. In my spare time, I love going for a long walk in a nature, read a good book, hiking, cooking for my friends. In Denmark, I developed gardening as a new hobby together with making my own drink called Kombucha. I find myself as an outgoing person who likes to spend time with friends whether on a quiet cozy place or on a party. I am as well a big music lover who is open to all kinds of genres.
